led the Colonels to 272 wins, including two NCAA Division I-AA and two Ohio Valley Conference championships.

The Coach offered his own words of encouragement, keeping with the **Teamwork 2000** theme by comparing the campaign's midterm to a football halftime. He advised that now is the time to make any necessary adjustments. He also reminded his audience that they should, "... get right into it ... the first 5 minutes of the second half are the most important." It is vital to get off to a good start in the second half.

The pace of the campaign at "halftime" is good, but could be a little better. We need to take Coach Roy Kidd's winning advice and look around for any needed adjustments. Take the example of the cabinets who are leading the way. Talk to other coordinators and share ideas. Get help from the KECC staff. Most important, keep up the good work!
